Program

Edgewood Elementary provides a focused pre-K program where children have hands-on, purposeful opportunities for learning. Student-centered environments in our pre-K classrooms follow the developmentally appropriate practices outlined by the Texas State Center for Early Childhood. Our curriculum adheres to the Texas Prekindergarten Curriculum Guidelines and provide an instructional program that is vertically aligned with the Kindergarten Texas Essential Knowledge and Skills.

Eligibility for EISD Employee Children

Employee children and grandchildren who are four years old on or before September 1st of the current school year, and who do not qualify for the state mandated Pre K program, are eligible to enroll in the tuition supported employee prekindergarten program.

Parents will complete the Elementary Student Registration packet along with required registration documents and return them to the Edgewood Elementary Campus . There will be a limited number of slots available for the tuition based program, and students will be placed on a list in order based on completion of registration items. *Immediate* family of staff members will be given first priority for open slots. If all slots are not filled by immediate family then extended family members will be given the opportunity to apply. If in either case, applicants outnumber the slots, a lottery system will be implemented until all slots are filled. Parents will be notified of acceptance or non-acceptance into the program.

****Please note, that at any time during the year we receive incoming eligible Pre-K students and there is not enough space, the last tuition based student entered into the program will be removed.
